# End-of-Sale & End-of-Life Announcement for the all Model 71 Series Appliances.

## Notice#EOL2016121301

IpTL announces the end-of-sale and end-of-life dates for all SKU's in the Model 71 Series product line.  For customers with active and paid service and support contracts, support will be available until the termination date of the contract, even if that date exceeds the Last-Date-of-Support.

### Table 1. End-of-Life Milestones

| Milestone | Comment | Action Date |
|---|---|---|
| **End-of-Life Announcement Date** | Announcement of product availability action. | December 5, 2016 |
| **End-of-Sale Date** | Last date the product is Generally Available (GA) and any new orders will be accepted for the SKU by IPTL order processing.  After this date these SKU's will not be accepted by IPTL for new orders. | December 9, 2016 |
| **End-of-Software-Maintenance Date** | The last date IPTL Engineering may release firmware for the SKU's.  After this date, IPTL will no longer develop, repair, maintain, or test product software. | December 8, 2018 |
| **End-of-Services-Contract-Renewal Date** | Last date to extend or renew any services contracts for the SKU's | December, 9, 2016 |
| **Last-Date-of-Support Date** | The last date to receive support for the product SKU's.  After this date, all support services for the product are unavailable and the product is obsolete.  Note: support may not be available after the End-of-Software-Maintenance-Date due to missing features or bugfixes available after this date. | December 8, 2021 |

### Table 2. Product SKU's Affected by this Announcement

| EOL Product SKU | Replacement Product SKU |
|---|---|
| **10070-71LW-01**<br>All variants. Wi-Fi Integrated Access Device | **10070-7111-01**<br>Wi-Fi Secure Network Gateway |
| **10070-71LW-04**<br>All variants.  Cellular Integrated Access Device. | **10070-7151-01x; where x=carrier**<br>4G/LTE and Wi-Fi Secure Network Gateway |

## Product Migration Options

Customer's requiring expansion to existing systems or deployment of new requirements are encouraged to use the Model 7111 series Wi-Fi or Model 7151 series 4G/LTE & Wi-Fi appliances.

Model 7111 Wi-Fi product information can be found at:
http://iptechnologylabs.com/products/model-7111-wifi-secure-network-gateway/

Model 7151 4G/LTE & Wi-Fi product information can be found at:
http://iptechnologylabs.com/products/model-7151-cellular-sng/

## Operational Points

Customer's will not see affected operation or compatibility issues with their systems which use Model 71 series products.  Model 7100 series products can be added and mixed with Model 71 series products without issue.

The Model 7100 series has the same routing, tunnel, security, and management features and functionality as the Model 71 series.  The Model 7100 is a seamless substitute anywhere the Model 71 was used.

## Warranty Points

IpTL's standard product Terms & Conditions applies and any existing contractual warranty obligations remain unchanged.

IpTL's standard warranty policy can be found at:
http://iptechnologylabs.com/support/standard-hardwaresoftware-warranty-policy/
